Coverage changes-see below:

**New Alternative Benefit-Effective November 15th, 2013!** Capitol Dental Care now covers posterior composites as an alternative benefit. Alternate Benefits provide coverage when there are two or more clinically acceptable dental services available to treat the same dental condition within acceptable standards of dental practice.

This change allows you to perform a posterior composite and bill CDC. The claim will be paid at the amalgam restoration rate. The Explanation of Benefits (EOB) will show a composite restoration was placed and paid at the amalgam rate. Should you have any questions, please call Mary Moreno at 503.998.9070 or our customer service line at 800.525.6800.

**CLAIMS UPDATE!**

Since the integration of Capitol and the CCO's there have been some challenges with claims submission. WVCH, AllCare and Family Care are requiring paper submission of claims. We apologize for this inconvenience. These claims need to be submitted as paper claims and clearly marked with their CCO and Capitol Dental Care on the claim in order for them to be processed under the correct plan.
